MESSAGE

Healthy mind is created in a healthy body; It is important that complete development of the intellectual capacity of children is essential or ensuring a great future for the country. Under the PM POSHAN scheme of the government of India, the school children are provided with hot and nutritious meal. In order to supplement the PM POSHAN in terms of nutrition and taste, this Administration has started the initiative Tithi Bhojan where in with the help of donors from the community supplementation of the MDM or special meal is being arrange to the children on a weekly basis.

Appeal have been made during the SHAALA PRAVESHOTSAV-2022 to provide Tithi Bhojan along with PM POSHAN, Political leaders. Prominent persons of the society, Social workers, Villagers, Industrial units, Government employees, School Management Committee members, School Principals and School Teachers etc. have set for great example of celebrating their own special occasions by providing "Tithi Bhojan" and participating with school children.

I express my happiness and gratitude to all those donors who have supported the "Tithi Bhojan" scheme, and hope that this tradition will continue in future.

(PRAFUL PATEL)

INTRODUCTION

The 'Tithi Bhojan', proposed by the Ministry of Human Resource & Development, Government of India, is considered to be an excellent step to provide nutritious food to children with a PM Poshan scheme.
